LONDON, April 21.—The speech of the President of the United States, which was made in the House of Commons, has caused considerable confusion in the British mind. It is not clear whether the President is hinting at a near climax, or whether he is merely making a statement of fact. The speech is full of references to the London documents, which have been the subject of much speculation. It is believed that the President is making a statement of fact, and that he is not hinting at a near climax. EDITH COLOR
MYSTERY GIRL
Who is she?
Highly-dressed Woman
Detained in Seattle.
Office Believe She May Have
Relatives in Los Angeles.
Her New Velvet Coat
Label of Local Firm.

AT SEATTLE, April 21.—The Har-
bor police are trying to find
relatives or friends of Miss
Edith Color, a "mystery girl,"
who was taken to the matron's
quarters here this afternoon
after being refused to admit the
investigation as to the possi-
bility of her being a prostitute.
Her presence in Seattle, it
was said, was due to the fact
that she had been arrested
there for who she had been
arrested.

Miss Color was relative
of neither parent nor
other person known to the
police. She was wearing a
new velvet coat and a pair
of shoes which were said to
be of local make. The coat
was taken to the matron's
quarters here this afternoon
after being refused to admit the
investigation as to the possi-
bility of her being a prostitute.

JUROR QUALIFICATION

A bill removing the property qualification
of jurors, one of the organized labor's
main pieces of legislation, was post-
poned when Senator Luce offered an
amendment to strengthen the bill. It
provided that any one resident in the
county two years may become a juror.
The bill originally declared that jurors
should be drawn from the voting regis-
ter, but Luce said it was feared that
such a provision might keep some men
from registering to escape the liability
to jury service.

DRUGLESS PRACTITIONERS.
A State Board of Examiners for
drugless practitioners of healing is
founded in a bill by Senator Scott
passed by the Senate after an hour
and a half of debate. The vote was
22 to 12. Senator Benson, who led
the opposition, gave notice of a mo-
tion for reconsideration. Chiroprac-
tics are the chief beneficiaries of the
bill.

A woman lobbyist for the bill, who
sat at the desk of Senator Scott, led
the debate in violation of the
anti-lobbying rule, was asked to with-
draw, and after a vote had been taken,
Lieut.-Gov. Eshleman announced that
the rule against lobbying would be
enforced strictly hereafter.

THE TAX SYSTEM.
Senator Thompson's constitutional
amendment vesting the Legislature
with power to recast the tax system of
the State after a two-year investiga-
tion by a commission of tax experts
was unanimously recommended by
the Senate Tax Committee. Under the
measure the powers of the State Board
of Equalization are virtually abro-
gated, but its members are permitted
to retain office until the expiration of
their elective terms.

ANTI-INJUNCTION.
No effort to pass an anti-injunction
bill was made at this session of the
Legislature, according to a statement
by Senator Lyon, author of the anti-
injunction bill presented by the
Legislature, which was intended to
be as amended as to its essential
vitality more than a week
ago.

EMPLOYEES' BILL.
Any employer who permits any of
his employees to work more than an
eight-hour day in seven is guilty of a
misdemeanor under a bill by Senator
Lyon, recommended by the Senate
Committee. Any person who quits his
job for good cause must be paid his
full wages up to the day he leaves
under another bill recommended
by the committee, forbids an
employer to attempt to control or in-
terfere with the social or business
dealings of any of his employees, out-
side the scope of their employment.

TWO-PLATOON BILL.
Defeat of the bill requiring city
fire departments to maintain a two-
platoon system was overshadowed in
the Senate Municipal Corporations
Committee tonight.
Why should the State be called upon
to regulate the internal affairs of the
fire departments of the cities? was a
question asked by Chairman
Tyrrell which was regarded as a re-
flection of the temper of the com-
mittee.

WOMEN IN LEGISLATURE.
Defeat of the Butler Bill Sits Su-
fragists to Put Their Own Sex in
the Senate and Assembly.
AT LOS ANGELES, Cal., April 21.—
California suffrage leaders, disappointed
at the final defeat in the Legislature
yesterday of the Butler bill, making
women eligible to jury duty, an-
nounced today they will seek their
redemption by putting women in both
houses of the Legislature.
"By this defeat women have come
to see that suffrage was only the
means to an end," Miss Julia George,
president of the California Civic
League, said today.
"We made our mistake three years
ago when we did not start to put
women in the Legislature."
Other suffrage leaders, including
the members of the campaign com-
mittee behind the Butler bill, agreed
with Miss George on the new pro-
gram.

NEYLAN DRIVEN OFF THE FLOOR.

Chairman of State Board of Control
Openly Takes a Hand During
Roll Call to Prevent the Establish-
ment of a State Penitentiary in
Southern California.

NEYLAN was passing among the As-
semblymen while the roll call was on,
giving orders to the good boys of the
administration to change their votes
and oppose the bill. When Neylan
approached Assemblyman Salisbury
and told him to change his vote, Salis-
bury resented the interference and
called upon Speaker Cooper to en-
force the rules. The Speaker's en-
forcement of the rules was being carried
just a little bit too far.

Other Assemblymen started to join
Salisbury when Neylan, red in the
face and muttering threats of ven-
geance, backed off the Assembly floor.
But his purpose had been accom-
plished. He had secured the support
of the majority of the Assemblymen
who had approached him. He had
defeated the Bruck-Letter bill, which
provided that State land now
held in Napa county should be traded
for a penitentiary site in Southern
California, or that the land should be
sold and the money devoted to the
purchase of the southern site.

LOTTETTER INDIGNANT.
"Our bill was clearly passed," as-
serted Lottetter after adjournment.
Forty votes had been cast for it and
the Assemblymen pledged to its
support were being brought from the
lobby by Neylan suddenly ap-
pearing and began issuing orders for
the bill to be beaten. We have some
drastic rules referring to lobbying,
but I feel that the administration
comes round to me. I shall con-
sider the testimony of my bill but I
feel the administration opposition which
has suddenly developed will be too
strong to overcome at the present
session."

Three years ago the administration
purchased 2600 acres of land in Napa
county, paying \$145,000 for the prop-
erty. The land was to be used for
the location of a State reformatory for
first offenders. After the money had
been paid Napa county started a vi-
olent protest against locating the re-
formatory in the heart of that county.
They claimed as well that the admin-
istration weakened the proposal to
locate the reformatory there. No one
has yet explained how the land came
to be purchased before anything was
done to determine whether the loca-
tion would be a suitable one for the
reformatory.

At the present session Assembly-
man Bruck introduced a bill to the
effect that the land should be turned
over to the State University for an
agricultural experiment station. Then
Lottetter secured the amendment
to have it exchanged for a site for
the reformatory. The amendment was
developed a sudden opposition to hav-
ing the property sold. Some Assem-
blymen have been unkind enough to
assert that an offer to purchase would
expose the amount of velvet that went
into the deal when the land was
bought three years ago.

tence Goes Over Until October.
AT LOS ANGELES, Cal., April 21.—Hear-
ing of the appeals of James B. Smith,

officers and employees of the Western
Fuel Company, convicted early in
1914 in the United States District
Court for coal-weighting frauds, has
been set over upon stipulation of
counsel for both sides, until Octo-
ber. Judge W. W. Morrow of the
United States Circuit Court of Ap-
peals signed the order of postpone-
ment.

Smith, who is vice-president and
general manager of the company, re-
ceived a sentence of eighteen months
in prison and a fine of \$500; Mills
thirteen months with no fine, and
Mayer twelve months in the County
Jail.
It is understood the hearing has
been deferred because the transcripts
of the case are not ready.

INTEND TO BUY
WATER PLANT.
SAN FRANCISCO OFFICIALS ARE
DETERMINED TO ACQUIRE
SPRING VALLEY CO.
AT LOS ANGELES, Cal., April 21.—City
and county officials unofficially an-
nounced today their intention to pro-
ceed with plans to acquire the Spring
Valley Water Company plant. A bond
issue of \$3,400,000 for the purchase
of this property was defeated at the
election yesterday. The vote was
39,975 in favor and 32,518 against the
proposal, but a two-thirds majority
was necessary to carry it.
In 1913 the city initiated condem-
nation proceedings against the plant,
which was then owned by the Spring
Valley Water Company. The price of
\$3,400,000 defeated yesterday.

Officials said today this suit could
be revived and brought to trial.
San Francisco already has been
granted by Congress authority to use
the waters of the Hetch-Hetchy Val-
ley.
Such construction work will be
necessary before this water can be
available, however.

Mrs. George W. Ellis and Her

Portland and Besides Other Things
Make Reference to Strange Men
and Contributions to the Church.

PORTLAND (Or.) April 21.—If
your husband refuses to eat meat, is
that a ground for divorce? If he
gives 10 per cent of his earnings to
the church, does that entitle you to a
divorce? If your wife smokes a cigar
in the presence of strangers, men,
should the courts grant you relief?
These are some of the questions
raised in twin suits for divorce filed
today by George W. Ellis and May
Ellis, alleging that his wife, within
two weeks after they were married
in Minneapolis, December 24, 1904,
smoked a cigar and blew the smoke
in his face, filed his suit March
18. Mrs. Ellis came back with a
cross-complaint.

She alleges that her husband is a
Seventh-Day Adventist and that he
gives 10 per cent of his money to the
church. Ellis refuses to eat meat, she
alleges, and is very hard to cook for.
The couple have one daughter, 7 years
old, and each parent wants her cus-
tody. Ellis is a photographer.

RAIN MUSSES UP ELEPHANTS.

Washes off Decorations and Prevents Parade.

Tigers and Seals Will Start Series Today.

Hap Discusses Work of the Club to Date.

BY HARRY A. WILLIAMS.

The scheduled opening between Venice and San Francisco yesterday was so severely stormbound that it won't happen until today.

Every attempt will be made to launch the parade today, and in case the pavements are not entirely dry, the parade will be placed on the hind feet of the elephants as a safeguard.

President Maier will lead the parade in his bounding horse, while the music will be supplied by the Venice Maritime Band. Then will come the elephants, followed by the Koo, grand marshal, and Ed Walsh, in Koo's private limo. Then there will be the Yama Yama and ball players and such like followed by a large procession of married fans.

The parade will form at Ninth and Hill streets, and will get up full speed about the eighth hour of 11. All public spirited men and women are cordially invited to compete.

An attempt will be made to investigate Charles Chaplin into catching the first ball, which will be heaved up to the plate by one of the pitchers.

Hogan and the bunch got in from the north yesterday all primed and set for trouble. The first thing that Hap did was to inspect the grounds.

Hap is an expert on soil, and one look of his trained eye told him that the soil at Washington Park ran almost entirely to the south.

Hap's statement that Orr and Gedeon are improved performers will tend to increase respect for the Bums, where they became occupied in affairs of a domestic nature.

All of the boys are in good shape with the exception of Gleichmann. White and Mitchell, who are suffering from influenza of the leg, foot and back. Doc has something that has been diagnosed as lumbago.

Gleichmann has a bum leg, while Mitchell sprained his foot at the point where it joins on to the ankle. This however, does not handicap him seriously, and he will be ready very quickly.

Hap says that he will use neither Hiltz nor Piers, while Wolverton will pin his faith in Panning or Killian.

DETROIT TAKES FOUR STRAIGHT FROM SOX.

WASHINGTON, April 21.—Bunched hits, home on balls and errors gave Washington an 11 to 3 victory today in the last game of the series with Boston.

Collins was wild and ineffective in six innings, and Comstock, who relieved him, was no improvement. Milan batted a home run with one on base. Lewis hit one with the bases empty.

ADMITTS AUTOS TO YELLOWSTONE

WASHINGTON, April 21.—Motorists will be permitted in Yellowstone National Park beginning August 1. Secretary Lane announced today, thus opening the last of the great government reserves to automobiles.

The seals probably will have their full club back on the job today. Corhan and Hellmann both having been pronounced fit for service.

Bugs Releg. One of Wolverton's pitchers who had been here getting his arm read for a couple of weeks, also probably will be in action here for the first time this week.

Hap spoke kindly of everybody around the circuit.

He says that Salt Lake has a pretty good-looking ball team.

"Orr appears to be entirely different ball player than last season," said Hap, "while Gedeon looks 50 per cent better than he did with the Reds."

Corhan's reverse in San Francisco were not due to hard luck, or lack of the breaks, as the close scores would indicate. The boys seemed over-anxious. One trouble was that they had not had enough spring exhibition games to develop the needed degree of teamwork.

"I am entirely satisfied with the Tigers as they now stand. The development of Piers has given us unexpected pitching strength. He looks like one of the biggest finds of recent years."

I expect a major league career for him. Not only did he pitch wonderfully in Portland, but he held his position in a sensational manner. Riborg, another green hand, was at first base, but you ought to have seen some of the stuff these kids pulled off around the diamond.

"The only thing that worries me is cutting down to the eleven men limit. It is all a Japanese puzzle to me. I do not know where to begin. No difference what move I make, I will be criticized and blamed, but I guess that my hide is thick enough by this time to stand it."

Hap's statement that Orr and Gedeon are improved performers will tend to increase respect for the Bums, where they became occupied in affairs of a domestic nature.

YANKS' DOUBLES BEAT ATHLETICS.

PHILADELPHIA, April 21.—New York got only five hits off Breuder and Harper today, but three of these were doubles and all of the extra base drives were mixed with passes and an error, and the victory won, 5 to 4.

O'Driscoll made a wonderful one-hand leaping catch which robbed Malen of a home run.

Owner Ejected.

President Murphy was not a bit worried today, saying that the club also had the side of the affair. Murphy added that they do not owe Langford any rental but that on the other hand, Langford owes the club a whole lot of money.

Murphy made the following statement tonight:

"I have scarcely had time to think it over and have not yet had time to discuss it with the other directors. I will say that Mr. Langford's actions are premature, unwarranted and inadvisable. He contends that we owe him ground rental and we contend, on the other hand, that he took out \$1000 worth of stock in the baseball corporation and that ground rental was to be applied on this \$1000 until paid."

BEER, RIDE.

"We are very anxious to avoid any unpleasantness with Mr. Langford, but, naturally, we have our side of the account. Mr. Langford has never completed the part of the second season's ground rental which drove in the two final runs."

PORTLAND (Or.) April 21.—Salt Lake won its second straight game from Portland today, the score being 5 to 2 after fourteen innings of play.

Portland, 2; Salt Lake, 5. The game was a double-header, the first game being played at 2 o'clock and the second at 7 o'clock.

BEES ORDERED TO GET OUT OF BASEBALL.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.

SALT LAKE, April 21.—When the bees return from their road trip they may find themselves without a ball park to play in unless a disagreement which arose today between the owners of the land on which the park stands and the club directors is settled in the meantime.

Just what steps will be taken by the club could not be learned this evening and will probably not be decided until the directors meet tomorrow.

HARPER LEADS LEAGUE IN EMERGENCY HITTING.

Two of Three Safe Clouts in Pinches, Winning One Game and Tying up Another—Great Gus is McCredie's Best Bet—Wolverton's Men Show Best General Average to Date.

BY HARRY A. WILLIAMS.

Emergency hitting is something on which the bleacher birds are divided. However, the madcaps are of one mind when it comes to the emergency matters, and probably will continue to throw them into the ring as long as the game waves on a pitching basis.

For one thing, the fans expect too much of a pinch-hitter. As a rule he is not a crisis, and therefore his failure to connect, if he fails, as is often the case, three times out of four on a general average, makes a much more impression on the patrons of the place than if he came up and struck like the regular in the ordinary routine of playing a ball game.

Generally, the heavy hitters, the 200 boys, are not always the most reliable in a pinch. Some of the best hitters in the game have an unpleasant habit of falling down in an emergency. Others, who hit about 200 on a full season's play, will bat .400 in the pinches. There is a certain amount of mystery attached to pinch-hitting. It must be largely a mental condition, varying degrees of excitability or coolness. In no other ways is it possible to explain the failure of some great hitters and the success of mediocre batters in times of pinch and moment.

Harry McCredie, never much as a regular starter, always was one of the emergency hitters in the league with a man on base and one run needed. For contra, Bill Abstein, a free, easy and heavy hitter with nothing but right, does not seem to hit as well in a crisis. He drove in a run, last season, but an analysis of his work will show that he is better at starting a rally than finishing it.

There is still another type of batter—the man who hits well whether he is empty or full as long as he is played regularly, but whose work when he is employed solely as a pinch-hitter. Paul Melton is a fine example of this species. Played regularly, he is a 300 batsman almost any Monday, but he seems to have a tough time connecting when he is only once or twice a week to bat for the pitcher or some other regular. With this type, it appears to be purely a physical condition, a lack of opportunity to time the batting eye, and plenty of exercise in it. In other words, this type of batter needs to face pitching regularly in order to be at his best.

Pinch-hitters have been used with varying success in the Coast League. By this, we do not mean the regulars who have hit effectively with the bat, but the athletes who have been rushed to the plate in an emergency, and whose sole duty was to pick the pin and then retire. In San Francisco, Los Angeles, Portland and Venice all have obtained good results from their batting reserves. San Francisco's pinch-hitters show a percentage of .357, which is about 100 points better than the average of the league as a whole. The Angel batting extra have piled up an average of .300, those of Portland .312 and the Tigers .300.

Lake has not obtained large results. The Bumble Bees have a percentage of only .250. Blankenship has used several substitutes other than any other manager in the league. All told, but eight times has he been called to the plate, including himself. Of these, Blankenship has been successful in three. The showing of the Oakland pinch-hitters is .125, or next to nothing. Twenty times, or more, they have been called to the plate in the league except Los Angeles, and have shown in relief batters. Rube Gardner, who made two hits in eight trips to the plate, enjoys the distinction of being the only Oakland pinch-hitter to connect. Twice Rube was walked.

Harry Harper ranks as the best pinch-puncher in the league. He has performed this role in six games. He was walked once, and hit twice, giving him a percentage of .600. His hitting also has been effective in other games. Sunday afternoon he came through with a three-run inning, and winning the game for Los Angeles, while his pinch-hit in the ninth was instrumental in tying up the score and sending the game into extra innings with an ultimate victory.

Pinch-hitting is McCredie's best bet in a pinch. The effective blows for the team have been landed by Bayless, Wilhoit and Rieber. Wolverton, Charles and Rieber are the best who have connected when called upon in an emergency.

McCredie has had trouble getting into his famous stride with the stick. He has been hit six times Sunday morning after something like five failures. He will doubtless finish strong, he having plenty of reserve energy. Here are the pinch-hitting records to date:

OXY, HUNS TO PLAY TENNIS.

POMONA PICKS TEAM FOR TOMORROW.

Cates Wins Position as First Man for Sagehens Again by Defeating Conley in Third and McCredie in Fourth—Miss Manu and Miss Woodford Co-Ed Team.

(SPECIAL CORRESPONDENT.)

CLAREMONT, April 21.—Pomona and Occidental meet Friday afternoon in the first of a series of tennis tournaments to decide the conference championship of Southern California. U.S.C. will tackle the Huns the week following in a second tournament for this coveted championship.

Pomona is represented this year by a strong team of veteran players. Five members of last year's winning team form the nucleus of the present team and the sixth player is a man of considerable experience in high school.

CONLEY BEATEN.

Cates won the college championship for the third successive time last week by defeating Conley in the finals of the interclass tournament. Cates will play first singles, doubles and mixed doubles. He has shown better form this year than in any year past, and is expected to take his matches from Occidental with comparative ease.

Conley will be Cates' partner in the first and will play, and will play second and mixed doubles. This is Conley's second year in intercollegiate tennis.

Sage, also a second year man, will play third singles. Sage won his match last year against Occidental, and is playing even better tennis this year than last. Sage played tennis throughout his high school days, and is a veteran of many tournaments.

McCredie is the fourth net artist representing Pomona this year. McCredie played for Santa Ana High School in his prep school days, but has come out for the varsity team for the first time this year. His service, when it is working, is considered the best on the squad.

MABEL MANU.

Miss Mabel Manu has won the ladies' net championship of Pomona for the second successive year. Miss Manu held the ladies' championship at Orange county for several years.

LACK POWER BOATS TO HUNT TRAWLERS.

STATE COMMISSIONERS UNABLE TO CHASE OFFENDERS, SAY SANTA ANA.

(SPECIAL CORRESPONDENT.)

SANTA ANA, April 21.—That the Los Angeles office of the California Fish and Game Commission has found it difficult to get high power boats to chase fishing boats using drag nets is one of the complaints made in a letter written by Fish and Game Commissioner M. J. Connell of Los Angeles to Carl Westfield of Santa Ana, president of the commission.

"People possessing high-powered boats are afraid to hire them out to us because of incurring the penalty of the various elements engaged in this class of fishing," writes Commissioner Connell.

About a month ago an appeal was made by Orange county residents interested in preserving the commercial fishing industry of this county. The commissioners in their reply stated that Assistant Commissioner Pritchard of Los Angeles had arrested six boats for using the nets, known as drag nets, trawl nets and paramella nets.

"I think Commissioner Connell's excuse is pretty thin," replied Victor Walker of Santa Ana. The great State of California is buffeted because it can't hire a fast power boat to stop constant law-breaking by fishermen that the commissioner describes as a vicious element. Slow fishing boats from our coast have been used to catch these San Pedro fishermen since County Game Warden Adkinson went out in a dory and got into a fishing boat in which he captured George Roman's boat from San Pedro. Roman paid a fine of \$500 here. Since then the slow boats have scared three dragnet outfits so badly that they have cut loose from their nets.

The Chicago Church Federation Council has declared war on the box bills pending in the Illinois Legislature.

VISITORS CROWD CITY TO SEE OKLAHOMA RACE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

OKLAHOMA CITY (Okla.) April 21.—The cow country and the cotton belt are on tiptoe to-night, awaiting the little word from Fred Wagner which will set a dozen racers scrambling about Oklahoma City's 2.4-mile course in the first heat-out-to-goodness big league motor event ever pulled off hereabouts.

Hotels are packed, visitors are walking the streets and thronging the soda water emporiums, while the County Jail resounds to the gnashing of teeth by the bootleggers who, on account of a recent change in civil politics, are hereby missing the opportunity of a lifetime in a dry country.

ENTRIES.

The field includes the Venice-winning Maxwells of Oldfield and Carlson, the Stutz mounts of Cooper and Lewis, Case cars with Hearne and Raimey up, Burman's Peugeot, Duesenberg's Buick, George Clark's venerable Mercedes, a curious archive known as the Tulsa Special and a Stafford from Kansas City, as well as the Overland, which won a local race yesterday and got a free entrance in the big race as a prize of doubtful value.

BURMAN FAVORITE.

Everybody agrees that if Bob Burman's car stands up, he will win. Bob is making his twenty-third start in a long race without a money-winning finish as yet, and perhaps to shakedown the hoodoo.

The distance, 200 miles, is also in his favor and to the delight of cars like the Maxwells, which have usually done their best winning in the third hundred miles, when stamina, efficiency and supply economy have had a chance to get in their work.

The course is somewhat like that of Venice, but dirt has been used on the turns, instead of boards. It is much rougher than the California course, however, that Oldfield claims he is likely to excel Aviator Thompson if he ever forgives himself and lets his Maxwell start rather at "top speed" as Rusta would say.

JOHNNY WRAY COMES TO LIFE.

Johnny Wray, newspaperman, politician and sportsman, last night made an important announcement to the effect that he isn't dead.

This comes as a pleasant surprise to his friends, a report having been circulated to the effect that he had passed away. He has been in the Barton Hospital for some time, suffering from a severe attack of pleurisy, but he is out now and announces that he expects to live until after the city election.

He will leave today for ten days at Arrowhead Springs, following which he expects to give one of his best celebrated devil-fish dinners to his newspaper friends at White's Point.

The United States Naval Academy athletes have just closed a most successful season. The gymnastic, wrestling and swimming teams went through their entire schedule without suffering a defeat. The swimmers captured the eastern intercollegiate team title championship and swim only to the Yale champions and Cornell runners-up in the intercollegiate league series.

Miss Woodford is playing her fourth year of intercollegiate tennis. She has been a consistent winner during all four years, and has lost only one match against Occidental during all of this time. She proved the dark horse at the Ojai tournament three years ago.

Ewall C. Gesswein,
A High School student of San Bernardino, who wants to win a law school scholarship.

to attend, there is the prospect of gold in hand to pay your way there. And on top of all this, there is the campaign plan, whereby the contestant does not have to collect one cent on the subscription contracts received. Think of this great advantage. It appeals to the person to whom you present the subject. He feels that he can well afford to aid you in your ambitions by signing one of these contracts, as the payments will be made in the usual manner and there is no special tax of advance payment. No better feature has ever been presented in any newspaper contest. It means that you will find an open field waiting for the harvest wherever you go.

TALK IT OVER.
To the boys and girls who have not yet started in this contest but who have been considering it, The Times presents a special invitation to come to the Educational Contest Headquarters, on the second floor of The Times Building, First and Broadway, and talk things over with the Manager. He will be glad to see you between the hours of 1 and 5 each afternoon, except Sunday. Tell him exactly your ambitions and hopes, and he will advise you and give you every possible aid in getting a successful start in the campaign. All who have already entered the contest are also invited to come to headquarters and every possible aid will be given you. We want you to feel that this is really your own headquarters during this great campaign.

Tomorrow morning The Times will print its full list of candidates. Every boy and girl who has in mind entering this campaign should fill out the entrance blank immediately and send it in today, so that they may have their names in the list tomorrow. Don't delay this an hour—attend to it right now, and send or bring it to The Times. GOOD STUFF HERE.

The past two days has brought more live workers into the field. They start in with a vim and determination to be in the list of winners that counts big for their success.

Oscar Kroonen of No. 524 West 10th street, Corona, is designated by his friends as "home hunter," this boy, already he is making his mark in the score of points.

Edwin R. Freeman and Lorraine M. Freeman are brothers, whose home is at No. 1150 Palm avenue, Corona. They are sons of the City Attorney of Corona, and have entered the campaign, determined to be winners.

Clayton Volaw of Whittier has a desire to become a student at an agricultural college. He has hosts of friends who will be glad to give him their help.

Ida M. Crum, also of Whittier, enters the campaign to win a scholarship where she can fit herself for the teaching profession. Her ambition is a laudable one, and is out to win.

Olivia Winans is another Whittier girl who, it seems certain, will make a notable campaign. She is a promising musician, sings in the choir of the Congregational Church, and wants to secure a scholarship in a conservatory of music.

Maxwell Peace is still another candidate from Whittier. Maxwell wants to take a good commercial course. He has seen the advantages of The Times great offer, and is out to win.

Louis Alexander is a new candidate from Long Beach. He is a senior in the Polytechnic High School and was manager of the 1914 football team. He is out to make a record in this contest. His residence is No. 384 Atlantic avenue.

Rwall C. Gesswein is a San Bernardino boy who already is proving himself a hustler in the campaign work. After he was through his school work yesterday he struck out after subscriptions—and landed them, as well as securing several promises of help. He is now attending school in San Bernardino, and plans to take up law as his profession. Watch for the record he will make.

One of the liveliest of contestants now in the field is Dorothy V. M. Risdon of No. 1407 South Flower street. Dorothy wants to win a scholarship in the Los Angeles Conservatory of Music, for the piano course. Her mother, sisters and brother have decided to help her in realizing this ambition. She is daily letting her friends know what she is in the contest, and is getting results.

EXTRA POINTS ALLOWED.
Particular attention of contestants is directed to the special offer. The Times is making of extra points allowed, in addition to the regular score. Until Saturday, April 23, 25,000 extra points will be allowed for each club of five new and old yearly contracts or their equivalent. This is a special opportunity for the contestants to forge ahead.

SCHOLARSHIPS.
The Times has already provided for the following list of scholarships, which include the very best schools of Southern California. Others will be added to this list. The

SEVERAL CHILDREN BITTEN BY LONG BEACH MAD DOG.

LONG BEACH, April 21.—Terror-stricken mothers gathered their children to the home fold late this afternoon as a dog, afterwards proved to have been suffering with hydrophobia, raced through that section, biting half a dozen children and a dozen dogs. Chief of Police Cole, one of whose men killed the dog after a chase of miles, has given the order that all dogs must be muzzled. Any dog found unmuzzled by noon tomorrow will be shot by his officers.

WOMAN NOTED IN MANY WAYS DIES SUDDENLY.

ALHAMBRA, April 21.—Mrs. Ella Woodruff Gerson, the first woman to travel in a sleeping car, which was invented by her father, died here today at the age of 48 after only a few days' illness of pneumonia.

MOTHER FINDS CHILDREN AFTER A YEAR'S SEARCH.

EL CENTRO, April 21.—After a year's search throughout California, during which time she advertised extensively, Mrs. Kate Branch, Los Angeles, discovered her three small children with their father on a ranch near Heber today.

SHOCKED UNDER ELECTRIC FAN.

POMONA, April 21.—Mrs. Sylvia Murdoch, a tourist who is making her home at an apartment on North Park avenue, got a shock she wasn't expecting at a grocery store on South Thomas street today.

MISSIONARY MEETING.

REDLANDS, April 21.—An interdenominational missionary institute is to be held at the First Baptist Church here from May 1 to 4.

LAYING PLANS FOR THE CITY.

REDONDO BEACH CHAMBER OF COMMERCE OFFERS SHOW ACTIVITY. REDONDO BEACH, April 21.—Following the annual election last night of officers for the Chamber of Commerce, announcement was made today of comprehensive plans to be carried out by that body for the betterment of Redondo Beach.

JAP CAPTAIN FALLS AFOUL.

Fined for Failing to Pay City Pilotage Fee. Company to Make Test Case of the Ordinance.

GOVERNMENT INSPECTORS CAN'T CONVINCE MAVERICK.

LOS ANGELES HARBOR, April 21.—For refusal to pay pilotage to the city after taking Capt. Victor Johnson, an independent pilot, Capt. K. Nakawaga, master of the Japanese steamer Kongman Maru, was fined \$15 today by Judge Frederickson. The sentence was suspended upon the guarantee of Horace Elder of the firm of Wheeler, Elder and Elder, local agents for Mitsui & Co., owners of the vessel, that the pilotage bill would be paid.

WOMAN NOTED IN MANY WAYS DIES SUDDENLY.

ALHAMBRA, April 21.—Announcement of the new officers of the Los Angeles County Sunday-school Association was made today. They are: President, Prof. W. H. Head, Alhambra; vice-president, Prof. W. I. Hoover, Pomona; secretary, H. A. Balling, Los Angeles; treasurer, E. J. Reuslin, Los Angeles. The committee on resolutions consists of George P. Smith, A. T. Reed, C. K. Daugherty, Mrs. L. T. Brocton, Miss Blanche Wauchob and Frank B. Ward.

NEGROES SEIZE GIRL BY FOOT.

TRY TO DRAG HER THROUGH WINDOW, BUT CRIES BRING HELP. SANTA MONICA, April 21.—Monted policeman captured, after a fight, early today, a negro, who is accused of having attempted to kidnap Ruth, the 11-year-old daughter of Bruce Baylor, city cemetery manager, through the window of the child's bedroom.

CONSTITUTION A PENALTY OF AGE.

Nothing is so essential to health as advancing age as keeping the bowels open. It makes one feel younger and fresher and forestalls colds, piles, fevers, and other dependent ills.

THIS SKIN PEELER ALL THE RAGE IN SOCIETY.

There is a growing tendency among women of culture and fashion to pay more attention to hygiene than to the beautification of their faces. The advent of insecticide was doubtless a very largely responsible cause of this.

JURY USURPS COURT'S DUTY.

Sentences After Convicting but Judge Reverses. Gives Prisoner Six Times as Long in Jail.

SANTA ANA'S TRUSTEES NAME CITY'S NEW MAYOR.

SANTA ANA, April 21.—Declaring that the jury that fixed A. L. Boyce's sentence at two months went further than the law permits, Judge West today sentenced Boyce to a year in jail. Boyce was charged with relations with Melva Kants, aged 17. The jury was instructed that under a new law it could find Boyce guilty of a high penalty would be not over a year in jail, or a felony, in which case the sentence would be to State's prison.

WOMAN NOTED IN MANY WAYS DIES SUDDENLY.

ALHAMBRA, April 21.—Announcement of the new officers of the Los Angeles County Sunday-school Association was made today. They are: President, Prof. W. H. Head, Alhambra; vice-president, Prof. W. I. RELIGION IN BUSINESS.

Concerns, like individuals, have a "religion," sometimes called ideals and principles. Summed up, business is human service and money comes incidentally to a service rendered.

THE REWARDS OF BUSINESS ARE AUTOMATIC AND SUCCESS COMES FROM THE HIGH DEGREE IN WHICH THAT SERVICE IS RENDERED TO THE PUBLIC.

While the heads of this establishment have labored diligently and conscientiously, the remarkable success and growth of the House of Fitzgerald is due primarily to its "Principles." Chief among these is the self-imposed task and determination to furnish the greatest intrinsic piano value for the money. Not "How much can we get," but "How much can we give."

OUR MISSION IS TO BRING CULTURE, REFINEMENT, HAPPINESS AND JOY INTO THE HOME THROUGH THE MEANS OF A GOOD PIANO OR PLAYER PIANO.

We try to treat customers as we would like to be treated, and this for the simple reason—THAT IT PAYS.

When we part with a customer we endeavor to part with him as a friend.

Look into the "Fitzgerald Way" of securing a Piano or Player Piano. We believe you'll find it more economical—more convenient and more satisfactory.
